Professional Summary

Philip draws upon his background in engineering, ethics, and nonprofit leadership to solve complex challenges in software architecture and technical leadership. His drive is to enable human competence in an increasingly intricate digital world. He is an insatiable learner, effective communicator, and perceptive collaborator.

Software Development Competencies

JavaScript	TypeScript	Java	C#
Angular	React	Node.js	Spring Boot
DevOps	Agile/Scrum	automated testing	TDD/BDD
Jest	Cypress	Playwright	Storybook
HTML	CSS	RxJS	NgRx
AI-enabled UI dev	enterprise AI policy	Copilot	MS Azure (ADO)
Docker	nginx	Elasticsearch	Nx monorepo
Google Cloud	UI security	Stakeholder engagement	Requirements gathering

Technical Experience

Expert Software Engineer Sep 2018 – Dec 2025
JB Hunt Transport Services • Lowell, AR

- Front-end software architect for Equipment project
- Front-end technical lead on Offer Management System and Match projects
- Multi-year Hackathon finalist

Ascended from new hire to team lead to application front end architect. Successfully launched and supported three wholly new applications: high-impact product experiences with measurable user and business results. Migrated legacy applications to address critical vulnerabilities. Engineered front-end architectures in TypeScript and JavaScript with Angular. Integrated with RESTful APIs. Participated in strategic planning and budgeting. Introduced new technologies and processes to improve code quality and developer experience, such as: CI/CD, process automation, unit testing, integration testing (with TDD and BDD principles), review processes, code standards, AI adoption, containerization. Participated in program pilot and ongoing refinement of AI-enabled UI development for the enterprise. Advocated for, developed, and launched a Peer Development Program. Presented multiple learning seminars for the entire organization. Taught state management (NgRx) classes for developers. Mentored struggling developers into successful ones. Participated in Agile/Scrum. Coached public speaking and ToastMasters. Coordinated and mentored interns.

Enterprise Software Project • Language • Description

Offer Management System • TypeScript, Angular framework • Brokerage workflow for managing carrier offers • *Successful development/launch/support*
Match • TypeScript, Angular framework • Exception management workflow for operations execution through a load lifecycle • *Successful development/launch/support*
Equipment • TypeScript, Angular framework • Visibility and exception management workflow for transportation equipment • *Successful development/launch/support*

Philip Antin

Education

M.A. in Philosophy
University of Arkansas • Fayetteville, AR

M.Div
Trinity Evangelical Divinity School • Deerfield, IL

B.A. in Bible
Central Bible College • Springfield, MO

A.A. in Sacred Music
Central Bible College • Springfield, MO

Distinctive Prior Accomplishments and Experience

Mentoring and leadership: Revised and expanded a mentoring program for student leaders, more than doubling previous participation.

Organizational development: Successfully developed and implemented an integrated, organization-wide approach to training and content.

Relational management: Managed dozens of volunteers and coordinated with staff, using trust, patient coaching, and inspiration to achieve compliance.

Project management and client satisfaction: Developed college courses for seven schools, incorporating stakeholder requirements, format constraints, and ongoing client feedback.

Exemplary communication: Selected from senior class as commencement speaker.

Professional engagement: Presented six times at professional conferences.

Two decades of college teaching experience: Demonstrated excellence at listening, at diagnosing confusion, and at communicating effectively.

Graduate studies in analytic philosophy: Demonstrated exceptional critical thinking skills, enhanced conceptual clarity, intuitive grasp of logic, and openness to input/critique.

Service with nonprofits: Appreciation for unglamorous service

Management and Teaching Experience

Online Instructor — Aug 2017 – Present
Northpoint Bible College • Haverhill, MA

Adjunct Professor — Aug 2011 – Present
Northwest Arkansas Community College • Bentonville, AR

Adjunct Professor & Lecturer
University of Arkansas • Fayetteville, AR

Faculty
University of Phoenix • Rogers, AR

Small Group Pastor
Chi Alpha University of Arkansas • Fayetteville, AR

Adjunct Professor
Trinity College • Deerfield, IL

Visiting Professor
Latvijas Bībeles Koledžā • Ozolnieki, Latvia

Assistant Pastor
Evangel Chapel • Bridgewater, NJ
