Professional Summary

Insatiable learner. Effective communicator. Perceptive collaborator. Philip draws upon his background in engineering, ethics, and nonprofit leadership to solve complex challenges in software architecture and technical leadership. His drive is to enable human competence in an increasingly intricate digital world.

Software Development Competencies

JavaScript	TypeScript	HTML	CSS
Angular	ngrx	rxjs	signals
DevOps	Agile/Scrum	automated testing	Docker
React	Java	UI security flows	authorization models
Copilot	AI-enabled UI dev	enterprise AI policy	MS Azure/ADO
TDD/BDD	Elasticsearch	Cypress	design patterns

Technical Experience

Expert Software Engineer Sep 2018 – Dec 2025

JB Hunt Transport Services • Lowell, AR

- Front-end software architect for Equipment project
- Front-end technical lead on Offer Management System and Match projects
- Multi-year Hackathon finalist

Ascended from new hire to team lead to application front end architect. Successfully launched and supported three wholly new applications to interact with RESTful APIs. Engineered front-end architectures in Angular and TypeScript/JavaScript. Introduced new technologies and processes to improve code quality and developer experience, such as: CI/CD, process automation, unit testing, integration testing (with TDD and BDD principles), review processes, code standards, AI adoption, containerization. Participated in program pilot and ongoing refinement of AI-enabled UI development for the enterprise. Advocated for, developed, and launched a Peer Development Program. Presented multiple learning seminars for the entire organization. Taught state management classes for developers. Mentored struggling developers into successful ones. Participated in Agile/Scrum. Coached public speaking and ToastMasters. Coordinated and mentored interns.

Enterprise Software Project • Language • Description

Offer Management System • TypeScript, Angular framework • Brokerage workflow for managing carrier offers • *Successful development/launch/support*

Match • TypeScript, Angular framework • Exception management workflow for operations execution through a load lifecycle • *Successful development/launch/support*

Equipment • TypeScript, Angular framework • Visibility and exception management workflow for transportation equipment • *Successful development/launch/support*

Philip Antin

Distinctive Prior Accomplishments and Experience

Project management and client satisfaction: Developed eight different college courses for seven different institutions, adapting each to stakeholder requirements, format constraints, and ongoing feedback from clients.

Mentoring and leadership: Revised and expanded a mentoring program for student leaders, more than doubling previous participation.

Organizational development: Successfully developed and implemented an integrated, organization-wide approach to training and content.

Exemplary communication: Selected from senior class as commencement speaker.

Professional engagement: Presented six times at professional conferences.

Two decades of college teaching experience: Demonstrated excellence at listening, at diagnosing confusion, and at communicating effectively.

Graduate studies in analytic philosophy: exceptional critical thinking skills, enhanced conceptual clarity, intuitive grasp of logic, and openness to input/critique

Extensive service with nonprofit organizations: empathetic understanding, appreciation for unglamorous service, and eagerness to collaborate

Education

M.A. in Philosophy
University of Arkansas • Fayetteville, AR

M.Div
Trinity Evangelical Divinity School • Deerfield, IL

B.A. in Bible
Central Bible College • Springfield, MO

A.A. in Sacred Music
Central Bible College • Springfield, MO

Management and Teaching Experience

Online Instructor Aug 2017 – Present
Northpoint Bible College • Haverhill, MA

Adjunct Professor Aug 2011 – Present
Northwest Arkansas Community College • Bentonville, AR

Adjunct Professor & Lecturer
University of Arkansas • Fayetteville, AR

Faculty
University of Phoenix • Rogers, AR

Small Group Pastor
Chi Alpha University of Arkansas • Fayetteville, AR

Adjunct Professor
Trinity College • Deerfield, IL

Visiting Professor
Latvijas Bībeles Koledžā • Ozolnieki, Latvia

Assistant Pastor
Evangel Chapel • Bridgewater, NJ
